#### Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

<b>I am</b>	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
<b>I'm trying to</b>	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
<b>but</b>	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
<b>because</b>	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
<b>which makes me feel</b>	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

#### Example:

<b>I am</b> a busy traveler, price-conscious, and often unsure about the best time or way to book a flight.	<b>I'm trying to</b> find and book an affordable flight quickly and easily for an upcoming trip.	<b>But</b> I get overwhelmed by too many flight options, inconsistent prices, and a lack of real-time availability.	<b>Because</b> the platform doesn't show clear filters, date flexibility, or live fare updates.	<b>Which makes me feel</b> confused, stressed, and less confident in making a booking decision — sometimes abandoning the process altogether.

<b>Problem Statement (PS)</b>	<b>I am (Customer)</b>	<b>I'm trying to</b>	<b>But</b>	<b>Because</b>	<b>Which makes me feel</b>
PS-1	a frequent traveler	book a convenient flight quickly	most platforms are cluttered and time-consuming	they overload me with too many irrelevant options	frustrated and overwhelmed
PS-2	a user with specific travel preferences	find flights that match my airline, time, and seat choices	filters are often limited or inaccurate	I have loyalty memberships and prefer certain airlines	disappointed and not in control
<b>PS-3</b>	a business professional on a tight schedule	find direct flights with flexible timings	most apps don't let me filter for exact time slots or avoid layovers easily	my time is limited and I need efficiency	stressed and dissatisfied
<b>PS-4</b>	a digital-savvy user	complete my entire flight booking on my phone	some platforms are not fully mobile-responsive or glitchy	I expect smooth performance on all devices	annoyed and less likely to return
